

AJ Adusei
Kwantlen Polytechnic University

Award #20

AJ Adusei is a second year point guard from North Delta Secondary School. Adusei has had two straight exceptional weekends. In last week's season opening weekend on the Island, Adusei recorded 72 combined points in Kwantlen's two losses to VIU and Camosun. This 2nd year point guard continued his torrid pace recording 73 combined points this past weekend in a split with Capilano and Quest.

On Friday night Adusei scored 30 points in a close hard fought defeat against Capilano University. He also added 4 rebounds and 7 assists in the 89-84 loss.

He followed up that performance by dropping in 43 points in a victory against the Quest Kermodes on Saturday night. In Saturday's match-up Adusei used his quick first step and his explosive speed to penetrate the Kermodes defense. He shot an impressive 17 of 20 from the free throw line (85%) against Quest and was a major reason that the Eagles won their first league game of the season.
