 UNIVERSITY

OUR LIBRARIES

Over 750,000 people walked through the doors of Kwantlen's libraries in 2010. They are centres of knowledge in the four growing communities we serve; Richmond, Langley, Surrey and Cloverdale. Students, faculty, staff, alumni and community members all benefit from the depth of information, degree of specialization and access to resources that Kwantlen's libraries offer.

Kwantlen's vision for the our libraries is one of dynamic, welcoming, intellectual, and social gathering places dedicated to successful working, learning and teaching. Our dedicated Library team delivers excellent service to support our vibrant evolving environment. By providing streamlined access to our wealth of research resources, our libraries make learning easy to a diverse community.

A POLYTECHNIC UNIVERSITY

Kwantlen has been a pillar in the Lower Mainland for over 30 years, serving the educational needs of more than 200,000 people on four campuses. Kwantlen is one of Canada's most innovative universities, committing itself to meeting the educational needs of its students, to responding to the changing demands of the labour market and to serving one of Canada's most dynamic regions.

THE LIBRARY

The Library supports University programs and initiatives by providing streamlined access to a wealth of relevant scholarly resources in electronic and print formats. At the centre of academic learning, the Library offers a wide range of services that will help you achieve your learning goals.

The purpose of the Library is to enable students to learn more about the subjects that are formally taught at Kwantlen as well as to help our users learn more about library research skills and information literacy.

SUPPORT THE LIBRARY

As it is central to the learning environment, our libraries need support for resource materials and technological advancements to enrich the learning experience.

There are a variety of ways your donations can support Kwantlen's libraries – from the purchase of books to endowed collections, or from online resources to capital projects. Recognition programs are available, including book plates which will inform learners in years to come of your commitment to education.

Making a gift to our libraries will help us maintain excellence in each field—now and in the future.

Please contact **Kwantlen Polytechnic University Foundation** for more information at **604.599.2010** or visit **kwantlen.ca/foundation**
