

# Community Gardening

## 25 November 2009

### **1.0 Where do we go from here?**

- 1.1 Identify Mission / vision / values statement that parallels Kwantlen's drafts
- 1.2 Identify the focal areas of interest. E.g. food security, student hunger etc., [sociology]
- 1.3 Have a focus group to help identify issues
- 1.4 We need to get a conversation within the institution.
- 1.5 Identify the functional and size aspects of the garden before any garden design.
- 1.6 Link the project to Educational Outcomes present in existing courses. The school cannot say no.
- 1.7 Consider Coalition of Community Gardens for "lower mainland", starting with Surrey based coalition.
- 1.8 Identify potential / expected roadblocks to the project.
